

Stansted Express Station at Stansted

GLM on Stansted Express

Stansted Express platform approach

Stansted Express

Our thanks to affiliates Unitbase for hosting our travel to Stansted Airport with Stansted Express, who are an affiliate of Unitbase. They provide the direct train service linking Liverpool Street Station to Stansted Airport.

Charlie from Unitbase showcased the train and also Stansted Airport Train Station which is a covered modern station with two platforms. The station is mainly in polished concrete and granite with high ceilings.

Stansted Express is a brand of National Express. National Express is the train operator providing services to London Liverpool Street and the East of England.

For more information on filming, location fees and logistics, please contact Unitbase.
